Welcome!

The 'Cyber Security Club' is made up of VSCC students interested in furthering their knowledge in the technical realm of programming, networking and security. Club members have access to a cyber-lab learning environment which consists of a server rack equipped with enterprise level components. The environment is isolated from the school network which allows students to create, explore and learn from a hands-on approach.

Activities include preparation for the *National Cyber League (NCL) fall gaming season, tutorial workshops, field trips; hackathon prep and participation; and other types of events. All VSCC and CIT students are invited to become members of this fast-growing club.

The club competes in several competitions (on Campus and Outside Campus) at least once a year and is a good demonstration of our club's knowledge and ability to defend a network. Every CIT student is welcome especially those interested in Cyber Security, Computer Database, Network Technology, and Programming.

What to expect from the Cybersecurity Club

We have many opportunities for students to enhance their skills including:

- Industry guest speakers
- Club carpools to events about Hacking, Security, Networking, Programming
- YouTube learning sessions
- Hands on experience with hardware/software and network tools/hardware
- Hands on experience with enterprise class hardware
- Capture the Flag (CTF) events
- Invites to professional certification study groups
- Training for Volunteer State Collegiate Cyber Defense (VSCC) and other competitions
- Relaxed & fun learning environment
- Sometimes we even have food!

Who can join the Cyber Club?

Anyone! If you have a passion to learn more about all that goes into cyber security and maintaining secure systems, this is the place!

Please Contact: volstatecyberclub@volstate.edu

Cyber Security Club Officers - Spring 2022:

- President - Angel Toro - atoro@volstate.edu
- Vice President - Iboro Philip- iphilip@volstate.edu
- Treasurer- Taylor Burnette- tburnette3@volstate.edu
- Secretary – Shyanne Ellis– sellis24@volstate.edu
- Director of Recruitment – Anthony Walker – awalker6@volstate.edu

Cybersecurity Club Mentors

- Dr. Abbas Imam - abbas.imam@volstate.edu
- Professor Freda Pinkerton - freda.pinkerton@volstate.edu
