NEW Registration 
System CampusCE

Did you hear? VolState OTIEC launched a new registration system called CampusCE in December 2023, boasting a sleek new look! Certificate information has never been easier to access—simply click the Shields in the certificates section. Outreach trainers now have their own page with helpful information to get started or updated. Take a peek and share your thoughts with us. If you've taken classes before January 1, 2024, you'll need to create a new account. We're confident you'll find the new registration process user-friendly and convenient!
