### It's not too late to... Get Involved!

As you are finishing up your classes this semester, think about how Vol State has helped you grow as a person. Look back at the things you have learned, the people that you met and the different experiences you had. Now is the time to start setting goals for the future.

For all of you graduating, I hope you have thoroughly enjoyed your time here at Volunteer State Community College. Best of luck to all of you in your upcoming endeavors.

It is my goal to help make your experience at Volunteer State all it can be and more. Getting involved on campus is a great way to become a leader. It is not too late to get involved. There are many activities throughout the month of April.

I look forward to seeing you at an event in the fall as well. If I can help you in any way, please contact me.

Have a great summer break. Be safe!  
See you in the fall.

**Gina Garera, Coordinator, Student Activities**
